GENERAL EDWARD CLINTON YOUNG

## Tribute to a Man of Rare And Outstanding Ability Gen. Edward Clinton Young

Major-General Edward Clinton Young, USA, retired, passed away at his home on East Orange Grove Avenue last Thursday. General Young had been in his usual good health until a few hours before his death. He, with Mrs. Young, had enjoyed a very pleasant day Wednesday in and about the house and grounds. He was taken very ill about nine o'clock and passed away shortly.

General Young was born in Savannah, Missouri, March 1st, 1862, was educated in the Savannah Schools where he later taught. His military career started when he entered the U. S. Military Academy at West Point, July 1st, 1883, graduating with honors as fifth in the class and First Captain of the Corps of Cadets in 1887. (Last June General and Mrs. Young returned East where Gen. Young attended the 60th anniversary and reunion of his class at West Point.)

Following graduation in '87, Gen. Young was appointed 2nd Lieutenant in the regular army and later resigned to enter business in Chicago.

In 1890 he joined the Illinois National Guard and was appointed Major General and commanded the Guard until his retirement in 1914. During the Spanish American War he organized and commanded the 1st Regiment of Cavalry, Illinois Volunteers. He was chairman of the Executive Committee of the National Guard Association of the United States and as such had charge of legislation before Congress the passage of which resulted in our present National Guard laws.

During the first World War he was a member of the State Board for National Defense and organized and commanded the Illinois Reserve Infantry. It was in 1916 that General Young organized and marshalled the Preparedness Parade of 135,000 in Chicago. (this was known as the greatest demonstration of its kind ever held.)

The organization and movements credited to General Young's ability is almost a history of important events in Illinois and Chicago; aside from business activities he was President of the Forward Movement Social Settlement; he organized the Boy Scouts in Illinois, was a member of the Chicago Charter Convention and Chicago Planning Commission and was one of the organizers of the Chicago Association of Commerce.

In business Mr. Young was an officer and director in several companies, retiring in 1928 as president of Belding-Heming Eaton.

## Hollywood Judges Invited To Select Five Finalists

Sierra Madre's annual talent hunt for a Wistaria Queen and her court is again under way.

All girls, residents of Sierra Madre, between 16 and 21, are eligible for this annual event. Applications for entering must follow this procedure: Type your name, address and birth date on a penny post card and mail to the Wistaria Vine Gardens, Sierra Madre.

As soon as the entry list is closed, a date will be set for shooting color movies of each girl in order to assure equal opportunity for everyone. The movies then will be shown to a Hollywood judging committee for selecting the five finalists.

The finalists and judges will meet for the first time at a luncheon or dinner in their honor so that a close appraisal of each girl may be made.

The girl chosen at this meeting will be crowned at a party given for the Queen and her court before a gathering of the press and radio representatives. A motion picture star will place the crown on the Queen as press photographers record the ceremony for publicity releases.

The Sierra Madre News will publish additional information next week, naming the judges and the date and place for shooting the movies of the contestants.

## IT'S RED CROSS TIME RED CROSS OPENS LOCAL FUND DRIVE NEXT TUESDAY

### LUNCHEON MEET PREPARES STAGE FOR EARLY GOAL

Mark Dailey, chairman of the Sierra Madre Chapter of the American Red Cross 1948 Fund Drive reminds the citizens of Sierra Madre that it is RED CROSS TIME.

The drive received its official send-off yesterday at the luncheon attended by workers in the La-Bu-Tau dining room. These workers will contact the Sierra Madre public. Listening to the instructions and pep talk by the Red Cross Fund Drive chairman, Mark Dailey were Mesdames Harold Spears, Wallace Goodwin, Hall Perry, Sam Haskins, Jr., C. A. Vane, Ralph Cordry, Edward Wilcox, William Wilcox, Fred Morgan, Leslie A. Webster, Wm. E. Burns, Stephen Jackson, Miss Clara Sykes and Donald Jackson and Harry Lange. Red Cross Chapter president, R. C. Lewis and executive secretary, Mrs. Florence Peterson, completed the luncheon circle.

Mr. Dailey said during his talk that when nurses are needed in disaster, and hot food is needed for victims of disasters, and blood is desperately needed for a transfusion to save a life, when patients in veterans hospitals are bored and lonely, or a child perhaps is in need; throughout the year, the American National Red Cross, through its network of 3751 chapters helps a neighbor in distress.

Trained disaster workers are needed—immediately, on the spot, when catastrophe strikes. Red Cross disaster service is an integral part of each chapter's organization.

Many of the 18 million war veterans and their families continue to need help. Red Cross offers guidance, in personal and family problems also emergency financial aid, and help with government claims and rehabilitation for the hospitalized.

Blood may be needed to save a life. The New Red Cross blood

## Hours Late In Air Trip From Rome

EUGENE C. KEABLES

Eugene C. Keables arrived at the Glendale Airport last Thursday in a continuous air trip from Rome, Italy. He was met by Mr. and Mrs. Bruce McGill and returned with them to their Antelope Valley Ranch (he is Mrs. McGill's son). After a rest he expects to enter ranch activities and be joined by his wife and daughter from Sicily.

Mr. Keables found the trip home rather trying, the head winds were terrific all the way. The plane was four hours late arriving at Newfoundland, and he said his worry was mostly on the gasoline supply. An encouraging observation was remarked by the traveler that the wheat crop in Europe this year would probably be very heavy; it was estimated 60 per cent over last year. Wheat was several inches high in Italy when he left.

## FIRE FLAMES

Just like automobile accidents, fires happen to us as well as the other fellow. We are inclined to think that fires only happen to the other fellow, that's why we have so many throughout the country. That is why this column is meant to be a reminder of the danger of fire, in order that we will know that none are free of the danger. Despite the trend of a continuous increase in fires throughout the nation, our own little city remains among the very few that cut the number of fires and fire losses. The only intelligent answer to this is—that our folks are "Fire Conscious." They are kept fire conscious by the persistent work of the men of the fire department. This speaks well of the men whose work takes them about the city and who are ever alert for fire hazards. These fellows are quick to report or remind people of the danger. It all helps folks, and there's no use denying it.

When it comes to starting fires, cigarette smokers are probably the worst offenders. They flip away live butts without first crushing them out. Most of these stubs are more than an inch long, which means that they will simmer for at least ten minutes in which time they are capable of setting fire to something else and start a blaze. Figures show that more than 120,000 fires a year are started from this source. We urge smokers to PLEASE STOP smoking while in bed. It may have been done for a million times, but it only takes that one wrong time to do terrific damage and perhaps cause death.

That array of blue in front of the fire station last Sunday morning was only a few of the fire fighters who appeared there for Joe Hinojos to take their picture. Once in every so many years there is some member of the department who gets this idea. Some of the fellows object strenuously, but they are always glad afterwards, to see the picture. Before the arrival of the photographer, our own Joe Grippi pointed his movie camera at the shy as they hovered about the station. We are all anxious to know how the action will be. Through the negligence of some of us, our retired members were not notified of the picture taking act, and whether it was fate or planned we do not know, but at any rate along came two of the oldest members of the Sierra Madre Fire Department. They were Mayor J. Milton Steinberger and Alois Karger, both of whom are in possession of a blue uniform. Neither were dressed in blue but both were forced into the picture by the others. Our most humble apologies to both for not informing them of the time for the picture. (Fact of the matter is, there were a lot of us who forgot.)

The men had a great time last night raising ladders and practicing rescue work. It wasn't at all funny to see Art Johnson rolled over onto the back of Charlie Brown. There is a little difference in the size of the two. A little. At the meetin' the business included the election of new officers for the year, which turned out to be the same men for the same offices as the past year. Jim Heasley, was elected Chief, Joe Swanson, Secretary; and Charlie Brown, Treasurer. George Norris was appointed as 1st Assistant Chief, Vern Udell, 2nd Assistant Chief. Joe Swanson as Captain, and Charlie

## PTA Will Honor Founders Day With Luncheon Meet

The P. T. A. Founders Day will be celebrated with a pot-luck luncheon on Thursday, February 26th, at 1:30 p. m. in the school cafeteria. "How Firm Our Foundations" will be the theme of the meeting at which tribute will be paid to Alice McClellan Birney and Phoebe Apperson Hearst whose broad vision and aspirations for the welfare of children and closer relationship between home and school led to the founding of the National Congress of Parents and Teachers in February, 1897. Past presidents will be specially honored at this time, and a life membership award is to be presented to a member, the name of the recipient being kept secret until the time of presentation.

Mrs. L. E. Sutherland, fifth vice-president of the California Congress of Parents and Teachers, will speak on "Fields of Opportunity for the PTA." She will report on the conference held at the University of California on Home-School Relationship, which was sponsored by the California Congress of Parents and Teachers in co-operation with the University of California and the State Department of Education.

All members are cordially invited to attend the luncheon. Those having old-fashioned costumes are urged to wear them in keeping with the spirit of Founders Day.

## AMERICANS

GET MORE OUT OF THEIR TELEPHONES  
THAN ANY OTHER PEOPLE ON EARTH

AMERICANS are restless, inquisitive, industrious, ambitious, ingenious, enterprising, sociable—and the telephone is adapted to the American temperament and to American needs.

Today telephone requirements in this country are at the highest peak in history and still increasing. Just as fast as applications for service are filled, new ones are filed. Even though we installed some 12,000 new telephones during 1947 we had more unfilled applications for service at the end of the year than we had at the beginning... and they keep on pouring in.

Our aim is to catch up with demand as quickly as possible and provide service to all just as fast as conditions permit.

### CONSTRUCTION DOLLARS...

In 1947 we spent over a million dollars for additions to our plant to meet the public demand for more and better service. In 1948 we will spend another million.

This money does not come from telephone bills but from investors who require a fair return. This means that telephone rates must be sufficient to provide earnings that will attract these new construction dollars.

WHAT DO  
SO MANY NEW METERS  
MEAN TO  
YOUR FAMILY BUDGET?

One of the reasons why  
Gas costs you less today  
than in 1939...

If you will compare your present costs of living with what you paid in 1939, you'll find that everything has gone up about two-thirds. Almost everything, that is, except gas! Happily, the price of gas has stayed down... even lower than in 1939.

One reason is that we've added so many new customers. These new customers have helped when they happened to live where they could be served by existing facilities.

Additional revenue from the sale of gas to more and more customers has contributed its part to offset steadily rising expenses. But keeping on the right side of the ledger has been no easy accomplishment.

As costs have gone up and major projects were needed, even new customers haven't always made it easier.

Many thousands of new home owners, for example, have located where gas-main extensions were required to serve them. Taking care of them has actually added to our operating expenses. (Extensions today cost us 2 1/2 to 3 times more than in 1939.)

Again, in order to provide an additional supply of gas for this enormously growing area, we participated in one of the largest natural gas projects on record. The mammoth \$70,000,000 Texas-California pipeline was constructed from the nearest practical source, some 1200 miles away, and is now in operation. Materials and labor, too, are at an all time high... and taxes, payrolls and even the cost of gas in the field have climbed steadily.

Dependable, low-cost service is just one of the reasons why virtually everyone in Southern California uses gas. You too can afford to use natural gas for all four uses in your home—for cooking, water heating, house heating and refrigeration.

\* Cost of living index, according to U. S. Labor Statistics, is now 161.3.

## VALENTINE DAY ROOM PARTIES SCHOOL VOGUE

Valentine's Day was observed in each of the grades at the grammar school, with a party and Valentine box in the rooms. The largest celebration, in the eighth grade room, was a quiz program handled by Julie Conzelman, Bob Myers and Bob Murray. Jim Cook was the winning contestant.

## Anoakia Sophomore Class Gives Annual Valentine Dance

The annual Valentine dance at Anoakia was given by the sophomore class with DeEtte Bates, class president, in charge. Alma J. Wylie, director, was assisted by patrons and patronesses: Mr. and Mrs. Charles Block, Mr. and Mrs. F. G. Wilcox, and Mr. and Mrs. Robert Royster.

Three valuable collie puppies were reported stolen by Hubert Nipps of 109 N. Lima, over the weekend. When Mr. Nipps went to the kennel at feeding time, 5:30, he found the gate open. One puppy was still inside and two were outside but the three were missing. The dogs had been advertised as registered stock for sale.

## ALA ACTIVITIES

American Legion Auxiliary, Unit 297, held a St. Valentine's party at the home of Mrs. Oscar Willumsen Thursday evening. After a short business session, Sylvia Quilter, accompanied by Miss Marjorie Bradley, sang a group of old favorite love songs; this was followed by games and a buffet supper carried out in St. Valentine's motif.

It is interesting to note that the article written for the Woman's Home Companion by our member, Mrs. Grace Calkin, of Walnut Creek, Calif., appeared in the March issue of the "Companionably Yours" column under the title "The Family." Our next meeting will be the birthday anniversary of the Unit, honoring Past Presidents and Charter members and will be held at the home of Leila Embree with Ora Olsen as co-hostess, Thursday evening, February 26th, at 8 o'clock. Guests are asked to bring their baby pictures.

## POLICE BLOTTER

Five-year-old boy was happy at play, too far away, was that astray. Cops found him. . . . The wind of last week blew, a few things around. — An attempt Burglary! OPEN FIRE! — When Mrs. Dowling of Ramona street saw steam coming from her bathroom lavatory, she couldn't figure anything that hot around there. She must have had a hot spring had developed, because she knew very well that the hot water heater was turned off. She called the police. 'Twas found to be an electric wire that had fallen, due to the terrific wind, and which had made contact with the water pipes. — Pine needles in the gutter took fire from a smoldering cigarette butt. (The fire-fighters don't like smoldering cigarettes thrown around carelessly, especially during a strong gale.) — A high-powered electric line fell into the lawn of the McDonald's along Mt. Trail avenue and caused a lot of excitement. The fire department was called. — When a hat water heater got hot enough to create steam, the young bride called the coppers to see what could be done. A handy shut-off valve close to the heater was all that was needed to eliminate the hazard. — A boy with a "B.B." gun becomes a menace when he begins to shoot at other boys. This happened. The mother promised to take the gun away from the boy. — The police are called to remove a sick man. — A brewery truck was permitted to drift into one of our fancy light standards. The standard was not up to snuff and therefore fell over. — Boys throwing snowballs were complained of because the snowballs barely missed several people along the street. — 'Twas found to be young men, any of whom should have a great deal more regard for the safety of others than to throw at a moving vehicle or throw without making certain they would not hit someone. — An elderly lady wandered off and was found in the area of Arcadia. — A report of a gathering of young people proved to be the members of the Civic Club getting together to hold a meeting. They couldn't have been anything worse than laughing a little. — DOG BITE — A TRAFFIC COLLISION at Grandview and Sunnyside. It seems that drivers fail to realize the danger of intersections. Fortunately, there are not more accidents. The driving of cars is not of the best. — The gobbling turkey is still at it. Situations such as this are difficult problems for the police.

On one side there is the owner of the turkey who feels that he has a perfect right to keep a turkey on a very large lot, while on the other side we have people who do not like to be annoyed in the early hours of the morning by a noisy gobbler. It seems that there should be some consideration for those who are sick. — STOLEN CAR! Within a few minutes after entering a house on Mariposa street, Bob Crowell returned to find that his car had disappeared. In it were many valuable tools, used in his profession. The car was later found by the Monrovia police. — Bill Chunn found a lot of auto parts while in search of the above stolen car. Many trinkets used on autos were among the articles found. — A "DUNK" Lewis carried him in. He slept well. (The drunk.) — When little Daryl Lee Pangborn started out for a walk, she failed to realize that there were so many houses, streets and sidewalks. When she turned around to look, she was LOST. Daryl is only 2 1/2 years of age. The first thing she thought of was "Mummy" and that's who she was calling for when Jim Heasley found her as she wandered along the sidewalks of Sierra Madre Blvd. (Thanks again to a mother who called the office early). — "MISSING PERSON." This time it was an adult. — Illegal parking by a government employee is complained of by others who are refused this right. — Driving home in the wee hours of the morning a young man stated that he fell asleep and as he did, drove his car into a stone wall in the canyon.

## DUETS JOIN IN SCAVENGER HUNT AT CLUB DINNER

Red and white paper decorations in the Valentine motif, with red and white candles, adorned the tables at the Congregational Church when 15 "Duets" met for dinner, catered by Bob Burris. Hearts were matched to determine which couples would team up in cars for the scavenger hunt which followed the dinner.

Reports are that Sam Embree and Clarence Noshier chased a fly around the bathroom; the Jay Schmitt carload spent time in the wash looking for a rock weighing one pound; Charles Skutt searched vainly for a pi-pernigrum (pepper) and returned with a prune. A few other articles on the list were Mayor Steinberger's autograph, a word inadvertently misspelled in a book, and a street car transfer to Monrovia.

## VALENTINE DANCE INAUGURATED AS ANNUAL EVENT

Starting a social event which will be an annual affair in the future, the Civic Club of Sierra Madre gave a Valentine Dance Saturday evening for members and their guests at the Woman's Club. Tables surrounded the dance floor in cabaret style, and Don Parker supplied the music. Most of the ladies added a colorful touch by wearing evening dress.

Mrs. Joseph Custer was chairman of the dance, with a committee of: Mrs. Waverly Pratt in charge of decorations; Mrs. Joseph Murphy, tickets; Mrs. LeRoy Toms, refreshments; Mrs. Pat Bandy, general, and Mrs. Robert Bettencourt, advisor.

The Civic Club, at the request of the Recreation Commission, is sponsoring adult classes in handicraft to be conducted at the school and have employed Lorna Little as instructor.
